

C20 Chain Actuator

Suitable for opening small dimensioned windows, top, bottom or side hung.
Centre push chain with selectable stroke of 240mm or 360mm.
The slimline design makes this actuator ideal for use where there is limited space.
Suitable for parallel connection to operate more than one vent.
Double insulated so no earth wire is required.
Standard colours: White, matt black and grey.
Can be sprayed to any specific RAL colour at extra cost

Technical Data:

Voltage supply:	230Vac ~ 50Hz	24Vdc
Thrust force:	200N	200N
Traction force:	200N	200N
Stroke:	Selectable 240 mm/360 mm	
Absorbed current:	0,096A	0,58A
Loadless translation speed:	10mm/s	9.7mm/s
Protection:	IP30	IP30
